

# Meeting Agenda - 23th April

**Location:** Library

**Date:** 23th April

**Time:** 09:20

**Facilitator:** Barnabas

**Secretary:** *Florian*

**Participants:** Barnabas, David, Florian, Julia

## 1. Objectives

## 2. Reports

DB is rewritten. Search almost done. Zoom exist. Filechooser works and insert picture into the db. A first running version of the Map. GUI is briefly connected to the Model. Classloader is under construction, plugins as well. Calendar under construction.

## 3. Discussion items

### 1. How do we do...?

See reports.

### 2. What to do...?

The plan for THIS week is to:

- More focus on test-classes (until Thursday meeting)
- Fix Plugins
- Discuss system architecture and design patterns

The plan for (THIS and) next week is to:

- Get started with the SDD
- Flow diagram (push to repository)
- **JUnit - start writing test classes**
- Calendar
- Map (more MVC)
- Note
- Start wiring everything together, map, tagcloud, search.
- Plugins

Our next running version should have:

## 4. Outcomes and assignments for us this and coming weeks.

- Julia should.... work with the calendar.
- Barnabas should... work with fully implement the search and the plugins.
- David should... work with the display of images and the note plugin.
- Florian should... work with implementing a fully working version of the map.

5. Wrap up

Next meeting Thursday 26th April
