

Meeting Agenda - 8th May

Location: Library

Date: 8th May

Time: 09:40

Facilitator: David

Secretary: *Florian*

Participants: Barnabas, David, Florian, Julia

1. Objectives

Add missing functions and write test classes. Clean code.

2. Reports

Search is done, but not connected to DB yet. GUI is briefly connected to the Model.

Classloader is (kind of) done. Note plugin under construction. Map has been refactored. DB is messing with Barnabas Laptop.

3. Discussion items

1. How do we do...?

Cleaning up. See reports too.

2. What to do...?

The plan for THIS week is to:

- Test-classes
- Fix Plugins
- Discuss system architecture and design patterns
- Continue writing the SDD
- Flow diagram
- Note
- Update design model

Our next running version should have:

Plugin capability

4. Outcomes and assignments for us this and coming weeks.

- Julia should.... DB handler (almost)
- Barnabas should... work with the plugins.
- David should... work with the display of images and the note plugin, invokeLater.
- Florian should... work with the map and connecting it to the GUI

5. Wrap up

Next meeting thursday or friday 10-11th May
