

Meeting Agenda - 27th April

Location: Library

Date: 27th April

Time: 09:20

Facilitator: Florian

Secretary: *David*

Participants: Barnabas, David, Florian, Julia

1. Objectives

Complete everything and prepare the final presentation (tests too)

2. Reports

DB is rewritten. Search almost done. Zoom exists. A first running version of the Map. GUI is briefly connected to the Model. Classloader is under construction, plugins as well. Calendar under construction.

3. Discussion items

1. How do we do...?

See reports.

2. What to do...?

The plan for THIS week is to:

- More focus on test-classes
- Fix Plugins
- Discuss system architecture and design patterns

The plan for (THIS and) next week is to:

- Continue writing the SDD
- Flow diagram (push to repository)
- **JUnit - start writing test classes**
- Map (more MVC)
- Note
- Start wiring everything together, map, tagcloud, search.
- Plugins

Our next running version should have:

4. Outcomes and assignments for us this and coming weeks.

- Julia should.... work with the calendar(almost done) and DB handler
- Barnabas should... work with the plugins.
- David should... work with the display of images and the note plugin, invokeLater.
- Florian should... work with implementing a fully working version of the map.

5. Wrap up

Next meeting wednesday 2nd may
